INDEX

A

Additional information on ice islands from flights and air photographs in the Canadian Arctic: K. R. Greenway, 75-82
Agriculture, problems in permafrost areas, Alaska, 41
Alaska
  agricultural problems in permafrost areas, 41
  Alaskan adventure: Jay P. Williams, 250†
  Aleutian Is., University of Michigan expeditions to, 60†
  Arctic Health Research Center, and hydatid work, 159, 164, 169
  Arctic Research Laboratory, Point Barrow, 1951 projects, 60†
  hydatid disease, occurrence of, 168-9, 170-1
  Interaction of vegetation and soil frost phenomena: William S. Benninghoff, 34*
  Pleistocene mammal fauna collected in, 150
  'Science in Alaska': Henry B. Collins (*ed.*), Arctic Inst., Sp. Publn. No. 1, 192†
  "spekk-finger" among sealers on Pribilof Is., 238-40
  The Cordova district: Ralph Browne, 126†
  The Sitka district: Ralph Browne, 126†
Alaskan adventure: Jay P. Williams, 250†
Aldrich, Pelham, quoted on ice of north Ellesmere Id., 92-4, 97-8
Alert, H.M.S., 85, 92
Aleutian Is.
  anthropological investigations, 60
  archaeology, 60
  botanical investigations, including phyto-ecological and ethnobotanical studies, 60
  ethnology, 60
  University of Michigan expeditions to Aleutian Is.: T. P. Bank, II, 60†
Allin, A. E., quoted on *Echinococcus granulosus* in wild animals in Canada, 168
An outline of the archaeology of Peary Land: Eigil Knuth, 17*
Anthropology, studies in the Aleutian Is., 60
Archaeology
  An outline of the archaeology of Peary Land: Eigil Knuth, 17*
  investigations in Aleutian Is., 60
Arctic book catalogue, 196†
Arctic, D.G.S., 85
Arctic Health Research Center, Alaska, and work on hydatid disease, 159, 164, 169
Arctic ice islands: L. S. Koenig, K. R. Greenaway, Moira Dunbar, and G. Hattersley-Smith, 67*
Arctic Institute
  Annual Meeting of Board of Governors, 251†
  Baffin Id. — 1953 plans, 252†
  Election of Dr. A. L. Washburn as Honorary Member, 251†
  Elections of Fellows, 252†
  Gifts to the Institute, 252†
  Increase in Associate Membership dues, 252†
  McGill University – Arctic Institute research program, 192†

Articles and Papers*
Reviews and Notes†

  New quarters of the New York Office: Walter A. Wood, 129†
  Presentation of painting to Dr. and Mrs. A. L. Washburn, 128†
  Research grants awarded for the summer of 1952, 192†
  'Science in Alaska', Sp. Publn., No. 1, 192†
  Visit of N. O. Christensen, 129†
Arctic Ocean
  Discovery of ice islands on U.S.A.F. flights over the Arctic Ocean: L. S. Koenig, 68-75
  ice described by Peary and Cook, 89
  ice islands discovered from R.C.A.F. photographs, 78, 183
  oceanographic work in Polar Basin, 220
  Preliminary report on scientific work on "Fletcher's ice island", T3: A. P. Crary, R. D. Cotell, and T. F. Sexton, 211*
Arctic Research Laboratory, Point Barrow, 1951 projects, 60†
Armstrong, Terence, The Northern Sea Route, 241, *rev. art.*

B

Baffin Id.
  Baffin Id. expedition — 1953 plans, 252†
  butterflies collected at Cape Searle, 115
  Gravity measurements on the Barnes Icecap, Baffin Id.: C. A. Littlewood, 118*
  plants collected at Cape Searle, 115
  The fulmars of Cape Searle: V. C. Wynne-Edwards, 105*
  vegetation, Cape Searle, 116
  walrus hunt, 112
Baird, P. D.
  leader of Baffin Id. expedition, 1953, 252
  rev. of An introduction to the geography of the Canadian Arctic: Geographical Branch, 127†
Banfield, A. W. F., The barren-ground caribou, 55†
Bank, T. P., II, University of Michigan expeditions to the Aleutian Is., 60†
Barnes Icecap, Baffin Id., gravity measurements on, 118*
Barren-ground caribou: A. W. F. Banfield, 55†
Bateman, J. D., rev. of Mineral industry of District of Mackenzie, Northwest Territories: C. S. Lord, 125†
Benninghoff, William S., Interaction of vegetation and soil frost phenomena, 34*
Bertram, G. C. L., The Scott Polar Research Institute, 153*
Biology
  Cytological and embryological studies in the amphi-apomictic *Arabis Holboellii* complex: Tyge Böcher, 57†
  observations, on ice island T3, 221-2
  Some problems of insect biology in the Canadian Arctic: T. N. Freeman, 175*
  Ungava Bay, 10
Biology, *see also* Botany and Zoology

Boas, F., and fulmar colonies in Baffin Id., 106-8
Böcher, Tyge, Cytological and embryological studies in the amphi-apomictic *Arabis Holboellii* complex, 57†
Botany
  Cytological and embryological studies in the amphi-apomictic *Arabis Holboellii* complex: Tyge Böcher, 57†
  influence of soil frost on plants, 34-7
  investigations in Aleutian Is., 60
  material collected on ice island T3, 221
  plants collected at Cape Searle, Baffin Id., 115
  plants and mosses collected at Eureka, Ellesmere Id., 209
Bowdoin, schooner, 115
Bremner, P. C., The Seismic Observatory at Resolute Bay, 130†
Brooks, C. E. P., Climate in everyday life, 126†
Browne, Ralph
  The Cordova district, 126†
  The Sitka district, 126†
Bugge, Aage
  articles written by, in *Meddelelser om Den grønlandske Kirkesag*, 195-6
  The native Greenlander — a blending of old and new, 45*

C

Calanus, Fisheries Research Board vessel, 9
Canada
  An introduction to the Geography of the Canadian Arctic: Geographical Branch, 127†
  Climate of the Canadian Arctic Archipelago: R. W. Rae, 189†
  Geographical names in the Canadian North, 63†, 132†
  hydatid disease, occurrence of, 167-8
  ice islands: Additional information from flights and air photographs in the Canadian Arctic: K. R. Greenaway, 75-82; Further notes on ice islands in the Canadian Arctic: M. R. Montgomery, 183*
  Some problems of insect biology in the Canadian Arctic: T. N. Freeman, 175*
  The geography of Canada: J. L. (and M. J.) Robinson, 55†
Canadian Board on Geographical Names, decisions on names, 63†, 132†
Canadian Defence Research Board
  hydrographic expedition to the Western Arctic, 58†
  Northern Insect Survey, 175
Canadian Ice Distribution Survey: J. Keith Fraser, 195†
Cancolim II, C.G.M.V., Canadian Defence Research Board vessel, hydrographic work carried out, 58
Caribou
  Caribou hunt on Peary's 1898-1902 expedition: Clarence F. Wyckoff, 178*
  The barren-ground caribou: A. W. F. Banfield, 55†
  Ungava Bay, 8
C. D. Howe, Department of Transport vessel 118, 129
Christensen, N. O.
  Elections in Greenland, 58†
  visit to Canada, 129†
Clark, Andrew H., rev. of The geography of Canada, J. L. (and M. J.) Robinson, 55†
Clarke, C. H. D., rev. of The barren-ground caribou: A. W. F. Banfield, 55†
Climate
  Climate in everyday life: C. E. P. Brooks, 126†
  Climate of the Canadian Arctic Archipelago: R. W. Rae, 189†
Cold pole of the Canadian Arctic, 189
Collins, Henry B. (*ed.*), 'Science in Alaska', Arctic Inst. Sp. Publn. No. 1, 192†
Comments on the origin of the ice islands: Geoffrey Hattersley-Smith, 95-102
Conference on Eskimo affairs, 193†
Construction, on permafrost, 42
Cook, F. A., quoted on ice in the Arctic Ocean, 89
Cordova district: Ralph Browne, 126†
Cotell, R. D., Preliminary report on scientific work on "Fletcher's ice island", T3, 211*
Crary, A. P., Preliminary report on scientific work on "Fletcher's ice island", T3, 211*
Crisp, Jean, illustrator of Ook-Pik, 250†
Crisp, William C., Ook-Pik, 250†
Cytological and embryological studies in the amphi-apomictic *Arabis Holboellii* complex: Tyge Böcher, 57†

D

de Long, G. W., quoted on ice near Lena delta, 88
de Vos, A., quoted on *Echinococcus granulosus* in wild animals in Canada, 168
Discovery, H.M.S., 92
Discovery of ice islands on U.S.A.F. flights over the Arctic Ocean: L. S. Koenig, 68-75
Discovery of Russian hydrographic bottles and barges off west Greenland, 129†
Dogs, as carriers of hydatid disease, 169-71
Dorset culture, in Peary Land, 24-32
Driftwood, found on the southeast coast of Greenland, 130
Dunbar, M. J.
  A. L. Washburn, an appreciation of, 3*
  The Ungava Bay problem, 4*
Dunbar, Moira, Historical references to ice islands, 83-95 *in* Arctic ice islands, 67*

E

Earthquakes, recorded at Resolute Bay, 130
Eastwind, U.S.C.G.C. icebreaker, 78
Echinococcosis, *see* hydatid disease
Ecology, forest-ecological studies in Labrador, 61
Eide, J. W. (*publ.*), Svalbard: a Norwegian outpost, 54†
Elbo, J. G., rev. of Svalbard: a Norwegian outpost, 54†
Elections in Greenland: N. O. Christensen and Trevor Lloyd, 58†
Ellesmere Id.
  birds observed near Eureka, 210
  Geological investigations in Ellesmere Id., 1952: J. C. Troelsen, 199*
  glacial conditions, 85, 86, 88, 96-8, 184-7

glaciation, 136, 142, 143, 209
plants and mosses collected near Eureka, 209
shelf ice, 72-101 *passim*, 144, 187, 222-3
wildlife observed near Eureka, 209-10
Endeavour prizes, 62†
Entomology
butterflies collected at Cape Searle, Baffin Id., 115
Some problems of insect biology in the Canadian Arctic: T. N. Freeman, 175*
Erik, auxiliary steam whaler, 178
Eskimo
caribou hunt in west Greenland, 180-2
Conference on Eskimo affairs, 193†
economic problems, 4-16, 193
education, 15, 194
health, 194
Greenlanders, The native Greenlander — a blending of old and new: Aage Bugge, 45*
Ook-Pik: William G. Crisp, with drawings by Jean Crisp, 250†
"spekk-finger", incidence among Greenlanders and Alaskan Eskimo, 235, 238-40
syllabics, letter on, 131
tent rings, in Peary Land, 24-5, 28-30
Ungava Bay problem: M. J. Dunbar, 4*
walrus hunt, 112
Ethnology, investigations in Aleutian Is., 60
Eureka, weather station, 199

F

Finland
hydatid disease, occurrence of, 166, 170
The Scandinavian states and Finland: Royal Institute of International Affairs, 188†
Fisheries, Ungava Bay, 11-16
Fleming, W. L. S., quoted on ice on west coast of Graham Land, 99
"Fletcher's ice island", T3, preliminary report on scientific work on, 211*
Flint, Richard Foster
quoted on persistence of lowland ice, 97
The Ice Age in the North American Arctic, 135*
"Floebergs", 85-8, 96
Forest-ecological studies in Labrador, 61
Fram, 88, 95, 200
Fraser, J. Keith
Canadian Ice Distribution Survey, 195†
Identification of Petitot's Rivière la Roncière-le Noury, 224*
Frebold, Hans, quoted on age of Greenland – Grinnell Land zone of folding, 199
Freeman, T. N., Some problems of insect biology in the Canadian Arctic, 175*
Fulmars of Cape Searle: V. C. Wynne-Edwards, 105*
Further notes on ice islands in the Canadian Arctic: Margaret R. Montgomery, 183*
Future use of lichen woodlands in Labrador for reindeer: A. E. Porsild, 61†

G

Gathorne-Hardy, G. M., leading author of The Scandinavian states and Finland: Royal Institute of International Affairs, 188†
Geographical names in the Canadian North, 63†, 132†
Geography of Canada: J. L. (and M. J.) Robinson, 55†
Geography
An introduction to the geography of the Canadian Arctic: Geographical Branch, 127†
The geography of Canada: J. L. (and M. J.) Robinson, 55†
Geological investigations in Ellesmere Id., 1952: J. C. Troelsen, 199*
Geological Survey of Canada Memoir 261, 125†
Geology
Geological investigations in Ellesmere Id., 1952: J. C. Troelsen, 199*
Greenland, references to geology of, 199
Interaction of vegetation and soil frost phenomena: William S. Benninghoff, 34*
Mineral industry of District of Mackenzie, Northwest Territories: C. S. Lord, 125†
permafrost, agricultural problems in, 41; construction on, 42
Geomorphology, Identification of Petitot's Rivière la Roncière-le Noury: J. Keith Fraser, 224*
Geophysics
Gravity measurements on the Barnes Icecap, Baffin Id.: C. A. Littlewood, 118*
seismic and gravitational studies, ice island T3, 219
Seismic Observatory at Resolute Bay: P. C. Bremner, 130†
Gertrude Thebaud, schooner, 105
Gillis, Elsie, North Pole Boarding House: as told to Eugenie Myles, 251†
Gitz-Johansen, illustrator of Grønlands fugle, 251†
Glaciology
core holes and test pits, ice island T3, 212-5
evidence of glaciation in North America, 136-40, 209
glacial conditions in north Ellesmere Id., 85, 86, 88, 96-8, 184-7
glacial lakes in North America, 146
glaciation of Ellesmere Id., 209
glaciological program, Baffin Id. expedition, 1953, 252
Gravity measurements on the Barnes Icecap, Baffin Id.: C. A. Littlewood, 118*
study of structure of, ice island T3, 212-7
The Ice Age in the North American Arctic: Richard Foster Flint, 135*
Gravity measurements on the Barnes Icecap, Baffin Id.: C. A. Littlewood, 118*
Greely, A. W., quoted on "palæocrystic" ice and "floebergs", 86-7, 96
Greenaway, K. R., Additional information from flights and air photographs in the Canadian Arctic, 75-82 *in* Arctic ice islands, 67*
Greenland
A caribou hunt on Peary's 1898-1904 expedition: Clarence F. Wyckoff, 178*
An outline of the archaeology of Peary Land: Eigil Knuth, 17*
Discovery of Russian hydrographic bottles and barges off west Greenland, 129†
driftwood found on southeast coast, 130

Elections in Greenland: N. O. Christensen and Trevor Lloyd, 58†
geology, references to, 199
Greenlanders, The native Greenlander — a blending of old and new: Aage Bugge, 45*
Grønlands fugle: The birds of Greenland: Part III: Finn Salomonsen, with illustrations by Gitz-Johansen, 251†
Ice Sheet, 142
'Kateketen Johannes', Greenlandic novel by Karl Heilmann, 196
language, 50-1
maintenance of wartime meteorological facilities, 188
Meddelelser om Den grønlandske Kirkesag: Trevor Lloyd, 195†
Meddelelser om Grønland, complete set for sale, 62†
religion, 48-50
resources, 189
songs, Greenlandic, 52-3
trading policy, 4-6
welfare of Greenlanders, 45-53; compared with Ungava, Eskimo, 4-6
work of C. W. Schultz-Lorentzen, 195-6
see also Peary Land
Greenlanders
mental characteristics of, 45-53
"spekk-finger", incidence among, 235
The native Greenlander — a blending of old and new: Aage Bugge, 45*
welfare, compared with Ungava Eskimo, 4-6
Grønlands fugle: The birds of Greenland: Part III: Finn Salomonsen, with illustrations by Gitz-Johansen, 251†
Gunn, W. W. H., rev. of Migration of birds: Frederick C. Lincoln, 56†
